HOW IT WORKS

HOW DOES THIS PRICE BOOK WORK?

There are three columns of information:

2021 Sale % Discount

This is the % Discount off the standard RRP during the sale

Sale RRP During Sale

These are the sale retails prices excluding VAT after the % discount has been applied, these are the prices we suggest you sell at during the sale period.

Dealer Price

The Dealer Price is your buying price during the sale, excluding VAT.

Note: The margin between the Sale RRP and the Dealer Price varies from product to product and as such you cannot calculate an overall uniform percentage from one price to another; this is the reason we have listed both prices.

Download: This Sale Price List PDF & an excel version is available to download from our website bbwhitebook.com

CLEARSTONE

This unique material allows us to craft baths with delicate rims and softer profiles. It has a gloss finish that is scratch-resistant and hard wearing. In the event of minor scratches or chips, Clearstone can be repaired.

NATURAL STONE

This material gives the bath a heavier and more solid appearance but with a soft, velvety-satin touch. Baths in Natural Stone come with an integrated overflow (except Lonio).
